Dear Parents and Friends of St Anthony's,

We are almost at the end of Term 3. Here is just a snippet of what each grade has been learning this term.

**Kindergarten**
Kindy are learning about procedures. A recipe is one type of a procedure. They have been following a recipe to make fairy bread. The students have enjoyed this activity and have enjoyed eating the end product. Yum!

**Year 1**
This term Year 1 has been writing narratives.

*The Lost Kittens*
One Sunny morning, Bella, Sam and Belle went to play. The 3 kittens played in the forest. The forest had lots of colours. Then Belle said “We are lost!” They saw Ben the lizard. Ben helped them get home. The End.

*By Sarah Kim 1W*

**Year 2**
This term Year 2 have been learning about keeping ourselves healthy by looking at what foods we eat, and what effects those foods can have on our bodies.

We have also been array busting and searching for horizontal, vertical and diagonal lines in our environment in maths.

In English, we have been busy with reading and writing procedures. We learnt that it’s important to follow the steps in a procedure otherwise things might not work out how they are supposed to.

**Year 3**
In HSIE we are learning about Australia and its significant sites. We are making websites on iWeb on one of Australia’s significant sites.

*By Bianca Simonetta 3G*

**Year 4**
This term in Year 4, we have been learning about natural occurrences. Here are some facts from year 4 about earthquakes:

“Earthquakes are caused by tectonic plates colliding” – Jordan Brownlow, 4G
“Earthquakes in the ocean can cause Tsunamis” By Alysha Nobbs 4W

**Year 5**
Year 5 students performed in the Captivate singing and dancing concert on Monday night at St Dominic’s College, Kingswood. All students represented the school with pride. Teachers and parents were astounded with the amazing talent and the students had a blast. Congratulations Year 5, 20 weeks of hard work certainly paid off.

**Year 6**
This term Year 6 have been learning about global forests. We have been focusing on three main questions. What types of forest are there and what makes up their ecosystem? What do forests produce? What effects do people have on forests and how can we protect and nurture them? We created a food web showing the relationship of the ecosystem of the amazon rainforest.

**SPRING FAIR**

A BIG Thank You to all the parents, staff, students and parishioners who helped make the Spring Fair a success. We were blessed with such fine weather and I’m sure that contributed to the number of people who attended on Saturday. We do not have a final total as yet but it will be published in the Newsletter when everything has been finalised.

*Louise Frendo*
Spring Fair Coordinator

**YEAR 6 FUNDRAISING**
The cake stall will take place again tomorrow, Friday 7th September. All cakes will cost 50c each.

**STAFF DEVELOPMENT DAY**

Friday 21st September, 2012

Is the new date for the STAFF DEVELOPMENT DAY that was cancelled earlier this month. We ask that you make suitable arrangements for your child on this day as it is a pupil free day and they are not required to attend school.
